INTERNATIONAL MEMBER EVALUATION COMMITTEE

International member Evaluation Committee, University of Hong-Kong:

- Dr. Chok Siu Ho for the position of Clinical Associate Professor (May 2015)

• International member Evaluation Committee, Medical School of the National and Kapodistrian University of Athens

- Dr. Efsthios Antoniou to the rank of Associate Professor of General Surgery-Transplantation of the University of Athens School of Medicine (April 2017)

- Dr. Sotiropoulos Georgios to the rank of Associate Professor of General Surgery-Transplantation of the University of Athens School of Medicine (December 2016)

• International member Evaluation Committee, Cleveland Clinic, Cleveland Ohio, Cleveland Clinic Lerner College of Medicine of Case Western Reserve University:

- evaluation for Dr. Kwon's application in the non-tenure track for Professor of Surgery (April 2019)

• International member Evaluation Committee, Medical School University of Geneva Switzerland:

- Evaluation of Dr Philippe Compagnon to the rank of Associate Professor of General Surgery

SPECIAL CLINICAL CONTRIBUTIONS

2000 First clinical application of flow modulation in the world for the treatment of “small for size syndrome” (SFS) when transplanting partial grafts (Splenic Artery Ligation)

2001 First Two ALDLT at the Cardarelli Hospital-Napoli (2nd and 3rd absolute cases in Italy)

2002 “World First” Liver Tx without immunosuppression after Stem Cell Tolerance induction

2003 Introduction of “hemiporcaval shunts” in living donor liver transplants with SFS grafts

2003 First clinical application in the world of antigen-specific immunoadsorption for ABO-I ALDLT

2009 “Belgian First” Laparoscopic Living Donor Hepatectomy for paediatric transplantation

2012 “World First” Laparoscopic Full-left Donor Hepatectomy for SFSG implantation in ALDLT

2013 First robotic-assisted liver & pancreas resections in Belgium

2013 First Laparoscopic Living Donor Hepatectomy for paediatric liver Tx in Saudi Arabia

2014 First Laparoscopic Full-left Donor Hepatectomy for adult recipients in Saudi Arabia

2015 First robotic resections of a choledocal cyst and a splenic artery aneurysm in Belgium

2015, 2016 First series of laparoscopic liver resections in Qatar (Hamad Medical Center)

2016, 2017 First series of laparoscopic liver resections in Algeria (Batna City and Algiers)

2018- First laparoscopic right lobe donor hepatectomy in Saudi Arabia

2019- First series of robotic pancreatectomies in Saudi Arabia

2020- Implementation of laparoscopic and robotic liver, pancreas and biliary procedures at the Federico II University Hospital;

2020- Use of 3D rendering in complex cases and ICG-guided liver surgery in open, laparoscopic and robotic approaches;

2021- First experiences with Holograms for AR in liver surgery;

2021- Starting robotic living donor nephrectomy program for KTx at the Federico II University Hospital Naples-ITALY

2024 Starting Robotic Kidney Transplantation at the Federico II University Hospital Naples-ITALY
